- Examinations are scheduled Monday through Thursday of exam week. Friday may be used for other summative activities, such as courses by arrangement, make-up examinations, meetings with faculty, portfolio presentations, etc.
- Classes offered at non-standard class meeting times do not have designated final examination periods. Instructors are to make arrangements to administer examinations at times that are not disruptive to students' existing schedule of final exams.

All instructors who do not plan a final test will meet with meaningful academic interaction with their classes up to, and including, the day of the final test time as it appears on the schedule below. Any changes require a review by the respective Division Chair and notification to the Registrar.

All online course(s) examinations must be completed by the end of the scheduled final examinations week.
