Pre-Professional Programs

Personal Service
We pride ourselves on being just the right size to give students the time they need to be successful. Our average class size is 15, so you will have small, personalized class settings with a technologic focus for you to receive the education that you deserve. Your professors will introduce you to new ways of thinking, explore issues creatively, and evaluate ideas as you engage in the world.

Opportunity
Whether it’s music, athletics, or politics, students at MSU have the chance to participate in a variety of activities and clubs. These organizations are a great way to make new friends with similar interests, and the involvement outside the classroom looks great on a resume.

Some clubs and activities include:
• Theater
• Band & choir
• Computer Technology Club
• Science Club
• Comet Radio
• Student government
• Intramural sports

Success
Our students get jobs. Period. We have internship opportunities to give you real, hands-on learning experiences and make your resume stand out.

Value
The combination of MSU’s affordability and its unique offerings make it a Best in the Midwest College, as designated by the Princeton Review. This selection process is based on meeting criteria for academic excellence as well as results of surveys done by current MSU students.

Not all students complete their degrees at Mayville State University. Some find it convenient to complete the first few years of college here before transferring to other institutions for advanced specializations.

Advantages
Mayville State University allows students to prepare for professional degrees not offered by the university. No specific baccalaureate degree is required for entry into many of the common professional programs, but careful planning is imperative for successful matriculation. All students should be aware that specific requirements for professional schools vary and change over time. Websites for professional programs, including some of the most frequently chosen by MSU students, are provided in the appropriate sections of this handout. To make the admission transition as smooth as possible, students are urged to plan carefully with an academic advisor at Mayville State University while they consult the website of the institution to which they plan to transfer.
If you have any questions regarding these programs, please call 1.800.437.4104, ext. 34667 or visit www.MayvilleState.edu
