When you click on that icon, you should see a bookmarked list of topics that appears similar to this:

To move from topic to topic, click on the bookmark icons. There will be an arrow pointing to the bookmark icon if there are subtopics bookmarked under that “parent” topic. Click on the arrow to see the subtopics. When you do, the parent topic’s arrow changes so that it is pointing downward. Suggestions for Consideration

These are just some ideas for your consideration; Mayville State University wants you to succeed. These suggestions were made by previous students who were successful in obtaining their degree. Apply these ideas to yourself and your progress through college studies will be enhanced.

Login to Class Frequently
New students often hear that in college, “you can go to class anytime you want.” NOT TRUE. Yes, some classes can be boring but not everything in life is entertaining. College studies are not a matter of you or anyone being entertained. Learn to handle the “grunt work”, and then you will be demonstrating a pattern of good work habits that can only enhance your achievement.

Budget Time
You must learn to plan your study time properly. This does NOT mean you start to study for a test the night before it is given or start writing that report the day before it is due [otherwise known as the red-eye special]. The overused statement “I work best under pressure” is a silly excuse for those who really have no choice. Just remember, your lack of foresight is not going to be your advisor or professor’s emergency.

Realize that Being a Student is a Full Time Job
You cannot work hard one day a week and hope your grades will be acceptable. Look upon college as a full-time job.

There is Nothing Wrong with Being Initially Confused
Some students get upset when they realize they haven’t mastered all the facets of being a distance student during their first term. Bear in mind that college is a way of life. You will be learning to cope with it every day, and that is as it should be. So if you are worried about your initial confusion, you are only acting very normal. Being “normal” is a state you work for—do not assume it will happen.

Know the University’s Academic Rules
Even if you do not memorize them, have a copy of the MSU Student Catalog or departments ready. Ignorance of what is required is no excuse for failing to perform. Confusion is one thing, but ignorance of rules speaks volumes about a person. Do not become one of those who frequently states, “But nobody told me…”

Accept Constructive Criticism
Bear in mind that when a professor critiques your work he or she is doing you a favor. Such a criticism is not meant to be personal. No matter how competent you may be, all work can be improved upon. Indeed, if your work is heavily “red-lined,” your professor took a lot of time to show you how to improve. How would you feel if a professor did not read the paper or test and simply assigned a grade? If you feel free to criticize some of your professors [and you will], be prepared to understand and accept academic criticism.

Develop an Appreciation for the Mastery of Language
No matter what your major or program of interest, the single most important skill of life success is communication. It is how you communicate that demonstrates the depth of your education, especially in distance education classes.
Suggestions for Consideration

Get to Know Some Professors Before you Graduate
This is sometimes hard for first-year students, but you can at least target some faculty you think may be worth knowing before you graduate from MSU. Your professors are the individuals who will evaluate your work, supply references for the future career post or for graduate school and guide your intellectual development. Should you be fortunate enough to develop a bond of friendship, you will find they are invaluable as mentors during the rough periods of your academic life. It is true that you may think negatively about some of the faculty as you progress. This would be true at any college or university. But the vast majority is quite approachable. Do not let a title of Doctor or Professor frighten you; these titles simply recognize their achievement. Their expertise will help you attain the goals or achievements you have set for yourself.

Learn to Communicate in the Online Classroom
There are no dumb questions concerning subject matter. If you do not know or do not understand something, chances are that several of your peers do not either. Learning to ask questions is a real skill, and you need to develop it.

Be Patient with Yourself
You will make errors or evident mistakes during your college career. Please be assured that you are not DOOMED. These times are when your advisor or counselor becomes very important.

Know Your Academic Situation Prior to Withdrawal Period
If you have a question or concern about how you are doing in class, contact the professor and discuss it. If you wait until after midterms or until the last minute to “see how things are going” and then experience failure, playing academic catch-up can be a no-win situation. Keep yourself informed.

Safeguard Your Physical and Mental Well-Being
When exhausted, rest. Eat proper food and know when to relax. No one is going to thank you for working yourself to frazzle or getting ill by ignoring your body’s and mind’s basic needs.

It Doesn’t Help to Blame Others for Your Academic Incompetence
If you are not doing well academically, get help. Very few students get through college without some assistance. So what if it takes you a little longer to learn the material or even graduate?

Locate and Use University Services
The University does want you to succeed and will help you by means of its available services. These range from the Learning Support Services to personal counseling; let the University serve you.

Accessing Your Mayville State Email

Every MSU student is issued a Mayville State email address which will become available to you once you have completed the enrollment process. Mayville State University considers the university's e-mail system (i.e., employee or student e-mail addresses that follow the MSU email naming convention) to be an official means of communication.

The university will consider students to be duly informed and in receipt of notifications and correspondences sent by a college administrator, staff member, or faculty member when such notifications and correspondences are delivered to the student's university e-mail account. It is therefore recommended that employees and students frequently access their university assigned e-mail account (at least 3 times weekly) for official information.

To access your Mayville State email:

1. Go to the Mayville State website at [www.mayvillestate.edu](http://www.mayvillestate.edu) and click on the mail icon at the top of the page.

2. You will be taken to the page below. Enter your NDUS username and password, then Sign In. Your username is your name, typed in the format: first.last. Your password is the same as your Campus Connection (ConnectND) password. If you need password/login assistance, contact the NDUS helpdesk at 866.457.6387.
3. Next the Microsoft login page will open. Choose whether you would like to remain signed in.

4. Your Outlook email account should now open.

5. If you have difficulty logging in or accessing your university email, please contact the MSU Help Desk by phone at 800.437.4104 (ext. 4739) or by email at service.desk@mayvilestate.edu between 7:30 A.M. and 4:00 P.M., Monday through Friday.

   Outside of normal business hours, please call the NDUS Help Desk at 866.457.6387 or submit a help ticket at https://helpdesk.ndus.edu/ndusaccount.
Installing Duo Mobile for MFA

(Multi-Factor Authentication)

1. Install Duo Mobile

Find the Duo Mobile App for your type of device by searching for Duo Mobile in your app store or using the following direct addresses:

Follow the platform-specific instructions on the screen to install Duo Mobile. After installing the app return to the enrollment window at https://2fa.ndus.edu and log in with your NDUS credentials. Click **I have Duo Mobile installed**.

2. Activate Duo Mobile

Activating the app, links it to your account so you can use it for authentication.
On iPhone, Android, and Windows Phones activate Duo Mobile by scanning the barcode on the screen with the app's built-in barcode scanner. Follow the platform specific instructions for your device:

The "Continue" button is clickable after you scan the barcode successfully.

**Can't scan the barcode?** Click **Email me an activation link instead.** and follow the instructions.

### 3. Configure Device Options (optional)

You can use **Device Options** to give your phone a more descriptive name, or you can click **Add another device** to start the enrollment process again and add a second phone or another authenticator. Adding a second phone is highly recommended as a backup in the case of a loss/theft/damage of the registered device.

If this is the device you'll use most often with Duo then you may want to enable automatic push requests by changing the **When I log in:** option and changing the setting from "Ask me to choose an authentication method" to "Automatically send this device a Duo Push" or "Automatically call this device" and click **Save**. With one of the automatic options enabled Duo automatically sends an authentication request via push notification to the Duo Mobile app on your smartphone or a phone call to your device (depending on your selection).

![Device Options](image)

Click **Continue to login** to proceed to the Duo Prompt.
Your device is ready to approve Duo authentication requests.

Click **Send me a Push** to give it a try. All you need to do is tap **Approve** on the Duo login request received at your phone.

It is important that if you feel you need accommodations for a learning or physical disability that you make your advisor aware of these accommodations. In some cases, your advisor may refer you to the Disability Support Services [DSS] for assistance. The staff of DSS provides a broad range of supportive services in an effort to ensure that the individual needs of each student are met. The information will remain confidential. Accommodations and alternative format print materials [large print, audio, disk, or Braille] are available through Katie Richards, Disability Support Services, located in Classroom Building 109, phone number 701-788-4675 or by emailing katie.richards.2@mayvillestate.edu.

**Academic Standing, Credit by Exam, and Armed Services Credit**

Academic progress is measured by grades and credits earned. Students receive acknowledgment for high academic achievement and are given early warning when they become academically deficient.

To be eligible to register continuously without conditions, an undergraduate or graduate student (refer to graduate student academic standing policy) must maintain good academic standing, which is defined as a minimum term (semester) grade point average (GPA) of 2.00 and a minimum cumulative (cum) GPA of 2.00 (4.00 scale).

A cumulative grade point average of 2.00 (“C”) is the minimum satisfactory level of academic performance, the level required for graduation.

Students who receive a Starfish notification indicating the need for academic improvement should consult with the instructor and academic advisor. In conference with the instructor and/or academic advisor a course of action aimed at correcting the areas needing improvement should be developed.

Note: The credits for courses enrolled during the current semester from other institutions or NDUS collaborative credits will not be considered in determining the current semester academic standing due to the delay in receiving the transcripts from institutions for those credits.

**RETENTION**

All student records are reviewed at the completion of each term (summer, fall or spring). Should the cumulative GPA fall below the required minimum, the student is placed on academic probation or may be suspended, depending on prior academic history.

**GOOD STANDING**

Good Standing reflects when a student’s term (semester) GPA and cumulative GPA are at or above a 2.00.

**ACADEMIC WARNING**

An academic warning is to alert a student that his/her term GPA is below the minimum required for good standing, even though the institutional cumulative GPA is at or above 2.00. An academic warning does not appear on the official academic transcript, but does appear on the unofficial transcript. Students are notified of their academic warning status via official MSU email and in Starfish.

**ACADEMIC PROBATION**

An academic probation is issued when a student who entered the grading period (summer, fall or spring) on good standing or academic warning earns a cumulative GPA below the minimum 2.00. Students placed on academic probation should not enroll in more than 15 credits for the following semester (or 7 credits for the summer session) without permission of the student's academic advisor. An academic probation appears on the student's official academic transcript and on the unofficial transcript. An advisor hold is placed on the student’s record, and may only be removed after the student has met with their advisor. Students are notified of their academic probation status via unofficial transcript in Campus Connection, Starfish and through the student’s personal campus email. Students are subject to suspension without regard to whether they have ever been placed on academic probation.

**CONTINUED PROBATION**

A student may be issued an extension of the academic probation status. It is issued when a student enters the grading period on academic probation, shows adequate progress by attaining a minimum term GPA of 2.00, but their cumulative GPA is still below the minimum 2.00 for good standing. Students placed on academic probation should not enroll in more than 15 credits for the following semester (or 7 credits for the summer session) without permission of the student's academic advisor. An academic probation appears on the student's official academic transcript and on the unofficial transcript. An advisor hold is placed on the student’s record, and may only be removed after the student has met with their advisor. Students are notified of their academic probation status via unofficial transcript in Campus Connection, Starfish and through the student’s personal campus email. Students are subject to suspension without regard to whether they have ever been placed on academic probation.
ACADEMIC SUSPENSION

Academic suspension is issued when a student enters a grading period (summer, fall or spring) on academic probation and earns below the minimum cum and term GPA at the close of the semester (term). If a student has a term GPA of academic suspension recognizes that the academically deficient student did not demonstrate an improvement in their GPA. An academic suspension appears on the student's academic transcript. Attempted credits include all courses (except withdrawals) on a student's record, including repeated courses, ASC courses, "Fs", incompletes, etc.

Students who are suspended from the University did not meet the minimum academic standards and are informed of this action via unofficial transcript in Campus Connection, Starfish and through the student’s personal campus email. Transfer and returning students must meet the above academic standards for admission to the University. The applications of transfer and returning students who fail to meet this standard for admission will be reviewed and decided on by the Admissions and Academic Standards Committee. The Committee may impose special conditions of admission for transfer and returning students who fail to meet the academic standards.

The student may verify their suspension status and semester grades via their transcript on “Campus Connection.” If students encounter any difficulty viewing the grades/transcript, please contact the MSU Help Desk at (701) 788-4739.

Non-degree students are not considered for suspension from Mayville State University.

TRANSFER STUDENT UNDER SUSPENSION

Students on academic suspension from another institution of higher education will normally be denied admission until that suspension has expired. A transfer student who is not eligible to return to the previous institution must submit an appeal to the Office of Admissions. Transfer student admission following the academic suspension or dismissal from another institution will be coordinated with that institution to determine conditions under which the student may be admitted.

Suspension Appeal

Students have the right to appeal their first and second suspension for failure to meet the academic standards of the University. A student with a third suspension does not have the right to appeal.

1. Should a student choose to appeal, please provide a typewritten letter of appeal detailing the reasons for the academic performance, no later than 4:00 PM on the date indicated on the MSU website under Academic Standing. The submission date is a hard deadline, non-negotiable and no exceptions will be considered.

2. Email the appeal letter to: MASU.AcademicAffairs@mayvillestate.edu or deliver to the Office of Academic Affairs located in Old Main #112.

3. If there are any questions concerning this process, please contact the Office of Academic Affairs at (701) 788-4711.

If a student does not exercise their right to appeal the suspension, he or she will be eligible to reapply for admission to the University at the conclusion of two semesters (two grading periods, summer, fall and spring).

An academic suspension by a student requires a two term (semester) suspension. There are three terms or semesters (summer, fall and spring) per year. A suspended student who returns after completing the suspension time period may be readmitted on probation and is not required to follow the appeal process.

This academic appeal process is NOT associated with the financial aid suspension appeal. If you have been placed on financial aid suspension, please contact the Office of Financial Aid at MASU.Aid@mayvillestate.edu regarding any possible financial disqualification or warning action.
Armed Service Credit
Mayville State University is a current member of the Servicemembers Opportunity College (SOC) and provides flexible policies that allow mobile service members and their families to complete degrees rather than just accumulate course credit.

Service personnel currently on active duty who have acquired certain educational experiences, or have attended service schools, or have passed college Advanced Placement (AP), College Level Examination Program (CLEP), and the Defense Activity for Non-Traditional Education Support (DSST) tests can have these evaluated for transfer credit. Mayville State University will accept 30 semester credits of the following towards a bachelor’s degree:

1. Military service courses are given credit as recommended in the Guide to the Evaluation of Educational Experiences in the Armed Services published by the American Council on Education (ACE).
2. AP, CLEP, and DSST subject standardized tests are accepted in some areas. For more information about these programs access this Web site: https://ndus.edu/lets-get-started/pre-college-credits/

Advanced Standing Credit
Credit by examination (Advanced Standing) for Mayville State courses is available in some programs. Interested students should consult with the discipline faculty involved to determine if this option is available. The last day to register for credit by examination is the same as the last day to register or add a class.

Advanced Placement Credit
Students who have completed certain College Entrance Examination Board (CEEB) advanced placement courses in high school and who have earned a minimum score of 3 on the Advanced Placement Examinations will be awarded college credit as follows:

CEEB should forward examination scores directly to the Office of Academic Records.

CLEP Credit
The College Level Examination Program (CLEP) is one of the accepted means by which a student may establish college credit. It is a national program that affords the student an opportunity to obtain college recognition for his/her formal or informal preparation prior to attending college. Generally, colleges and universities accept CLEP credit; however, students who plan to transfer to another institution should first check to see what the limitations of the receiving school might be.

A student must be enrolled at Mayville State University to receive CLEP credit. Students may not take CLEP subject exams after enrolling in that course.

Contact the Office of Academic Records in Old Main 114 for additional information about CLEP.

Prior Learning Assessment (PLA)
Students who have achieved a significant degree of educational growth in disciplines offered by Mayville State University through professional, cultural, or community activities may seek to be granted credit for prior learning. A student may earn a maximum of 30 semester hours of credit by examination, including Prior Learning Assessment (PLA), CLEP credit, advanced-standing credit, etc. Students who believe they are eligible for PLA must complete an application form available at the Office of Academic Records who will assist in identifying the appropriate academic discipline and a faculty member representing that area. The student and faculty advisor work to develop the validating documentation. This evidence is, in turn, reviewed by the discipline faculty and by the Curriculum Committee before a final decision is made by the Vice President for Academic Affairs. Credit awarded under this program is considered the same as transfer credit and may not be used to satisfy the 30-hour resident requirement. This credit will only be awarded with an "S" satisfactory grade and placed on the transcript when the student has successfully completed one semester of resident work. A student must be currently enrolled to receive prior learning credit. When credit is granted the transcript will be noted as ‘Prior Learning Credit.’
Grades and Grade Point Average

The grade point average is determined by calculating the total number of honor points earned and dividing by the number of attempted credit hours in which a letter grade of A, B, C, D, or F was received.

Transfer Grade Point Average
Total hours earned and the grade point average from all transfer institutions are entered on the Mayville State University official transcript and are calculated for a cumulative grade point average; however, transfer courses do not appear on the MSU official transcript.

Grade Appeal Policy
Faculty must evaluate and grade student work fairly and reasonably, and students must maintain scholastic honesty beyond reproach. Disputes that arise about fairness and honesty are best resolved through open and sincere communication among all parties – students, faculty, committees, and administrators. Once a grade has been recorded for a class, the grade cannot be changed unless an error was made by the instructor. Students may repeat a class if they would like to improve their grade.

A grade appeal is an allegation by a student that such student’s semester grade in a course offered for credit was not in accordance with the grading criteria described in the course syllabus. The student must contact the instructor of the course before the fifth week of the following semester to discuss the instructor’s and student’s reasoning for the grade given or desired. The complete policy addressing procedures required for resolving grade appeals is available in the Office of Academic Affairs.

Incomplete Grade
A student who has an excusable reason for not completing coursework may request an “I” (Incomplete). This process is initiated by the student filling out the Incomplete Grade Request Form. If an Incomplete Grade is granted by the instructor and advisor, the student is responsible for completing the work by a deadline approved by the instructor, but no later than the Friday of the eighth week into the following term. With instructor approval, a student may be granted a one-time extension (a maximum of an eight week extension), including a contracted date of completion, for removing the incomplete grade. If any incomplete grade is not removed by the end of the specified time, the grade as recorded on the Incomplete Grade Request form will be placed on the transcript by the Registrar.
Repeated Courses
If a student receives an "F" (failure) in a course, he/she should repeat it as soon as possible if it is required for graduation. When a course is repeated to improve grade point average, only the last earned grade is counted in the grade point average. Each course registration and its earned grade, however, continue to appear on the transcript. Course repeats are not allowed on a one-to-one basis such as independent study or on an arranged basis. This policy may be appealed through a sub-waiver form when there are extenuating circumstances and would require approval.
In regard to financial aid and Title IV funding in relation to the repeating of a course, the following applies:
- A failed course may be repeated as many times as needed until passed.
- A previously passed course may only be repeated once. This includes even those courses where a higher grade is required for the major (e.g., minimum of "C" for Teacher Education and Business Administration core courses, etc.)
- This does not include courses designated as repeatable (e.g. band, choir, student government, etc.) as these are not restricted nor limited (unless designated otherwise) and, therefore, a student may repeat these courses as often as allowed.
- If a student passes a failed course with a passing grade, he/she may repeat the course one more time to try and achieve a higher grade.

Satisfactory/Unsatisfactory Credit
Students with junior standing or above are permitted to register for an academic course on a satisfactory/unsatisfactory (S/U) option based on the following policies:
- Students must have an overall 2.00 grade point average in order to qualify.
- The S/U option may be used for courses that do not apply to a major or minor field. The student, however, may use this option if the course is in excess of the requirements for the major or minor field of specialization.
- The S/U option is not available for required essential studies or professional courses.
- Students may not change to, or from an S/U option after the last day to add classes.
- Prior learning credit, CLEP, or military credits (recorded as S/U), may be used toward the major and/or minor upon approval from the respective Division chair.
- S/U credit will not be used in determining honor points or honor point ratio.
- The traditional "C" or better will be considered satisfactory "S."

Other courses in which S/U credit may be earned are listed in each department of this catalog. These courses may be taken upon the advice of the student’s advisor.

Academic Fresh Start
The Academic Fresh Start policy allows a student who has had former academic deficiencies and been out of higher education for three consecutive years to recover without penalty and have an Academic Fresh Start.
- The student must be currently enrolled as an undergraduate student at Mayville State.
- At least three consecutive years must have elapsed between the earned credits and the Academic Fresh Start request.
- An Academic Fresh Start may be requested for all coursework in no more than four selected quarters or semesters including previous transfer credits or Mayville State credits.
- Individual course(s) do not qualify for an Academic Fresh Start.
- All courses in forgiven terms cannot be used to meet pre-requisites or degree requirements.
- To qualify, a student must have completed a minimum of 12 semester credits with a 2.50 GPA or higher.
- Academic Fresh Start may be invoked only once and is irreversible.
- The policy is not available to a student pursuing a degree after a first baccalaureate degree has been granted.
- Students are responsible for ascertaining if the Academic Fresh Start would affect their current or future eligibility status for financial aid or veteran’s benefits or other financial assistance programs.
- Teacher Education candidates are not eligible for an Academic Fresh Start at this time due to state teacher licensing requirements currently in place.

For more information or to make an Academic Fresh Start request contact the Office of Academic Records at Old Main 114.

If approved the academic transcript will indicate the terms affected by the Academic Fresh Start. Credits and grades will continue to appear on the academic transcript with credits included in attempted hours; however, letter graded courses will be excluded from the grade point average. Graduate and professional programs and other universities’ undergraduate programs are not bound by the Mayville State University Academic Fresh Start policy.

Academic Requirement Report (ARR)

The Academic Requirement Report (ARR) is a tool available to all Mayville State University students and advisors to track degree progress. The ARR allows students and advisors to see degree progress at any time during the student’s academic career. This tool enables both students and advisors to plan schedules, access summaries of degree requirements already completed and requirements still needed to graduate.

The ARR is intended as an advising tool for students and advisors; however, it is not the student’s official graduation audit. The official status of graduation requirement completion will be made by the Office of Academic Records. In order to receive an official graduation audit, students must file an application for graduation with the Office of Academic Records.

To find more information on how to access and utilize the ARR, please contact the Office of Academic Records or check out their website at https://mayvillestate.edu/academics/academic-records/.

Frequently Asked Questions about the ARR

WHAT IF ONE OF THE COURSES IS MISSING FROM THE ACADEMIC REQUIREMENT REPORT OR IS NOT COUNTED AS MEETING THE SPECIFIC REQUIREMENT?

If a course is missing from the report it is best to review the section labeled “unused courses” to determine if the course is being identified on the report, but is not being used to meet a requirement. If this is the case, please discuss a Substitution/Waiver with your advisor. The Request for Substitution/Waiver of Academic Requirements form must be approved by your advisor and the division chair prior to submitting the form to the Office of Academic Records.

CAN THE ACADEMIC REQUIREMENT REPORT TELL ME IF I AM ELIGIBLE TO GRADUATE?

The ARR can help you monitor progress towards degree completion; however, it is not your official graduation audit. The only way to know if you are eligible for graduation is to submit an Application for Graduation to the Office of Academic Records. The Office of Academic Records staff will complete your official graduation audit, which will be sent to you and your advisor.

MY MAJOR IN THE ACADEMIC REQUIREMENT REPORT IS NOT CORRECT, HOW DO I CHANGE IT?

If the ARR is populating the wrong major, minor, or specialization, please file a Major, Minor, Certificate, or Advisor Change form with the Office of Academic Records.

THE ACADEMIC REQUIREMENT REPORT SHOWS THAT I NEED TO CHOOSE A MINOR OR SPECIALIZATIONS, WHAT DO I NEED TO DO?

If the ARR is showing that you need to choose a minor or specializations, please file a Major, Minor, Certificate, or Advisor Change form with the Office of Academic Records.

THE REQUIREMENTS FOR MY MAJOR HAVE CHANGED AND THE ACADEMIC REQUIREMENT REPORT IS SHOWING THE OLD REQUIREMENTS.

The ARR is generated based on a student’s catalog year. A student’s catalog year is based on the term he or she was admitted to Mayville State University. If the requirements for your major have changed and you wish to follow a newer catalog, please submit a Catalog Change form to the Office of Academic Records.

I HAD ONE OF MY DEGREE REQUIREMENTS SUBSTITUTED OR WAIVED, BUT THE ACADEMIC REQUIREMENT REPORT IS NOT TAKING THIS INTO ACCOUNT. WHAT SHOULD I DO?

After a Request for Substitution/Waiver of Academic Requirements form is approved by your advisor, the division chair, and the registrar, you will be notified via Mayville State University email. Your Substitution/Waiver will then be manually entered into the ARR by the Assistant Registrar.

WHO SHOULD I CONTACT IF I HAVE QUESTIONS REGARDING THE ACADEMIC ADVISEMENT REPORT?

Your first point of contact should be your Academic Advisor. You can also contact the Office of Academic Records at records@mayvillestate.edu.

**First point of contact for student questions**
As a distance student, you will have immediate access to the virtual library available at https://mayvillestate.edu/student-resources/library/. Whenever you are prompted to logon, use your ConnectND username and password. You are also able to have materials from the physical library or from other North Dakota libraries sent to you by following the Distance Education Resource Sharing (Interlibrary Loan) instructions below.

REQUESTING BOOKS OR OTHER MEDIA
Before requesting a book from us, you may want to look in your local library to see if they possibly have what you are looking for, or if they can obtain it for you. If the materials you need are not available through your local library, you may submit a request to us and we will send the materials to you. Please search Mayville State University Library’s collection before searching in any of the other ODIN libraries. Please keep in mind that it may take up to a week or more to receive the materials depending on where the books are coming from and where you are located. It is a good idea to make sure the item you want is available before sending a request.

To request an item
1. Go to our homepage https://mayvillestate.edu/student-resources/library/
2. Scroll down to the Search the Library section.
3. Enter your search criteria and click Search
4. Click Sign-in in the yellow bar for complete results.
5. Click on Mayville.
6. Enter your ConnectND username and password.
7. Click Login.
8. If you are unable to find what you are looking for in the B-Q Library Catalog, change your search to ODIN Academic Libraries in the search bar at the top of the screen and click on the magnifying glass.
9. On the results list, click the title for the item that you would like to request. This will display the Full View of Record. Read through the description to make sure it is something useful for you.
10. Click on Resource Sharing in the How to Get It section.
11. Complete the form by following these steps:
   a) In the “Comments” box, write distance education student and give your address.
   b) Then click Send Request.
   c) Willing to pay: Whether or not you check this box, the materials will be sent to you free of charge, but you are responsible for the return postage [usually between $2-$4 depending on size and weight of book] and for any replacement costs if the book gets lost [including mail loss].*

*Dual credit students may return materials to their high school library to return to us IF approved by the high school librarian.

REQUESTING AN ARTICLE

To find the best resources that you should be using and directions to submit a request:
1. Go to our homepage https://mayvillestate.edu/student-resources/library/
2. Click on Resources By Subject Area in the blue box on the right.
3. Click on the appropriate subject area you are needing to search.
4. Click on the How to Videos in the blue area on the left.
5. Choose the video that best fits your needs.

- Distribution of financial aid forms
- Student financial aid awards
- Maintaining financial aid files on each student

Mayville State University is dedicated to assisting all students to the fullest extent possible under federal regulations.

For more information on Financial Aid visit: [www.fafsa.ed.gov](http://www.fafsa.ed.gov)
Mayville State University is dedicated to assisting all students to the fullest extent possible under federal regulations. Financial aid is supplementary to the financial resources of you and your family. Your university expenses will include tuition, fees, room, board, books and supplies. In determining the type and amount of financial assistance necessary to meet your financial requirements, MSU first expects you and your parents (if applicable) to make a maximum effort to assist you with educational expenses.

Your financial aid will be determined by subtracting the Estimated Financial Contribution (EFC) from FAFSA plus other available resources from the cost of attendance budget. Income, assets, fixed costs, family living costs, unusual expenses, housekeeping expenses are all used in determining financial need, and these items vary from year to year. A student must reapply each year for financial assistance.

Since funds are limited, aid is usually awarded in the order that files are completed. Financial aid packages will generally be made from a variety of sources. Financial aid awards may be adjusted based on the student’s enrollment load and the availability of funds.

**TYPES OF FINANCIAL AID AVAILABLE TO ONLINE DEGREE-SEEKING STUDENTS**

- Pell Grant
- Supplemental Educational Opportunity Grant
- TEACH Grant
- William D. Ford Federal Direct Loans (subsidized, unsubsidized, and Parent PLUS)
- Alternative loan programs through private lenders
- Scholarships and Waivers

**HOW TO APPLY FOR FINANCIAL AID**

The first step in applying for financial aid is to fill out the Free Application for Federal Student Aid (FAFSA). Students who want to apply for financial aid must complete and submit a FAFSA for every school year. Aid eligibility is based on current financial circumstances, so the Department of Education requires that students reapply every year so that need for assistance can be re-evaluated.

Both students and parents will need an FSA user ID and password to electronically sign the FAFSA. There is a link provided on the FAFSA website to create the user ID and password. The FSA user ID and password will also be used to electronically sign the Master Promissory Note (MPN) for federal student loans, as well as access personal financial aid information on the Department of Education websites. Be sure to keep your FSA ID and password in a safe place.

Apply Early! FAFSA is available to complete for the following year on October 1 of each year. To be considered for the greatest possible amount of aid, you must submit your FAFSA as early as possible.

*Please reach out to the Financial Aid Office with any questions you may have, and for more information on Financial Aid visit:*

In compliance with the Family Education Rights and Privacy Act of 1974 (FERPA), students who are or have been in attendance at Mayville State have certain rights to request, inspect, review, and challenge the records maintained by the institution under the provisions of the Act.

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are as follows:

1. **The right to inspect and review your education records within 45 days of the day Mayville State University receives a request for access.**
   - You should submit to the registrar written requests that identify the record(s) you wish to inspect. The registrar will make arrangements for access and notify you of the time and place where your records may be inspected. If the records are not maintained by the registrar, the registrar shall advise you of the correct official to whom the request should be addressed.

2. **The right to request the amendment of your education records that you believe are inaccurate, misleading, or otherwise in violation of the student’s privacy rights.**
   - You may ask the University to amend a record and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. **The right to consent to disclosures of personally identifiable information contained in your education records, except to the extent that FERPA authorizes disclosure without consent.**
   - One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Mayville State University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom Mayville State University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
   - Upon request, the University discloses education records without a student’s consent to officials of another school in which a student seeks or intends to enroll.

Any student wishing to exercise this right must inform the Office of Registration and Records, OM 114, in writing.

Under the Family Educational Rights and Privacy Act, students have the right to request directory information not be made public by contacting the Registration and Records Office. NDSU will honor student requests to withhold directory information until the student makes the request in writing to lift the restriction. NDSU receives inquiries for "directory information" from a variety of sources including, but not limited to, prospective employers, government agencies, news media, parents, other colleges and universities, licensing agencies, etc. NDSU has no responsibility to contact students for subsequent permission to release directory information after it is restricted.

* If a student provides a preferred name, NDSU tries to use it when communicating directly with the student. The preferred name is also used in class/grade rosters, academic requirement reports, email addresses, etc. Preferred name is a supported business practice, unless there is a documented business or legal reason to use the student's legal name. When communicating with outside third parties, including parents, NDSU generally uses a student's legal name.
