We want to hear from you!

What tools do you use in Moodle that you want to learn about in Blackboard? What are your concerns or questions regarding the move to Blackboard?

[Let us know!](#)

We keep using the phrase "Rebuilding courses." What exactly does that mean?

When courses are converted, there are a number of things that don't easily move over from Moodle to Blackboard. Below is a list of *some* of the items that require a "rebuild":

- Test question point values
- Matching and drag & drop questions
- Test timers
- Random test banks
- Checklists and journals

Interested to see what a course looks like in Blackboard before it is rebuilt?

Follow the instructions below to see how our Distance Student Orientation course converted into Blackboard before being rebuilt:

1. [Access Blackboard](#) & login using your NDUS credentials
2. Click on the **Courses** tab on the top right
3. On the left side under **Course Search**, type **Distance Student Orientation** & click **Go**.
4. The Course ID is **MASU1-DSO** and Alissa Perkins will be listed as the instructor. Click on the arrow that pops up next to the course ID. It looks like this: 
5. Choose **Enroll**
6. Enter the access code: **comets**
7. Choose **Submit**. You are now enrolled and able to explore the course.
8. Be sure to check out the Content Collection!
