

As MSU moves towards the use electronic documents over physical paper documents, it is necessary to have an appropriate PDF reader installed. Adobe Acrobat Reader DC is the tool of choice for viewing PDF documents. It can also be used to fill in and eSign certain PDF documents.

Please use the following link for instructions from the Adobe help site for installing Adobe Acrobat Reader DC on a Windows computer using Internet Explorer, Google Chrome, or Mozilla Firefox:

NOTE: To ensure that you do not install anything other than Acrobat Reader, un-select any items in the **Optional offers** section, before clicking the **Download Acrobat Reader** button. Depending on the browser, version of Windows, etc. used, the **Optional offers** section may have different selections (see inset below).
