The Program

The program is developed to provide an education that will enable the graduates to experience and achieve the elements of baccalaureate nursing practice as presented in the Essentials of Baccalaureate Education for Professional Nursing Practice.

Student Learning Outcomes:

Building on a foundation of the liberal arts, the graduate will:

1. Provide leadership within the complex health care system that integrates an understanding of organizational systems and the internal and external forces that impact them.
2. Engage in evidence-based practice as a means of enhancing the quality of patient care.
3. Use information technologies to improve patient care outcomes and the environments in which patient care occurs.
4. Engage in culturally-appropriate approaches that promote health and prevent disease and injury in diverse populations as found in community-based settings.
5. Develop collaborative relationships both inter- and intra-professionally, that enable the nurse to effectively advocate for patients, the nursing profession, and the health care system.
6. Model professionalism based on a foundation of personal values, ethical principles, and the nursing profession’s values and standards.

Value

The combination of MSU’s affordability and its unique offerings make it a Best in the Midwest College, as designated by the Princeton Review. MSU was also named one of the 2014 top three Public Regional Colleges in the Midwest by U.S. News & World Report.
Requirements for Admission

Requirements for Admission
• Admission to Mayville State University
• Completion of the RN to BSN Program application
• Earned Associate Degree in Nursing from a regionally accredited institution (nursing program accreditation not required)
• Minimum cumulative GPA of 2.5 or better on a 4.0 scale
• Minimum grade of “C” required for all previous nursing courses
• Active unencumbered RN license or be a graduate in current semester with license pending
• Two letters of reference addressing clinical competence and integrity
• Identification of local clinical site for public health clinical requirement
• Criminal background check
• Proof of immunization
• Current American Heart Association Healthcare Provider (BLS) CPR certification
• Access to a computer with high-speed internet and virus protection

Admission is competitive. The number of students admitted each semester is limited to twenty-four. Meeting the minimum admission requirements does not guarantee acceptance.

Nursing - RN to BSN

Program Curriculum
A minimum of 120 SH credits are required by Mayville State University to earn a baccalaureate degree.

1. Minimum of 60 SH credits awarded for completion of Associate Degree in Nursing from a regionally accredited college/university.

2. Minimum 36 SH Essential Studies (Gen. Ed) credits required: Other credits, including general education courses, may transfer from prior degrees or additional approved course work.

3. 31 nursing core SH credits can be completed in 12 months assuming the full-time course load or 24 months assuming a consistent part-time course load. The courses required for the nursing major meet Mayville State University’s graduation requirements for upper division and residence courses.

• Two plans of study are offered: Full-time and Part-time. Students will select one plan of study prior to beginning the RN to BSN nursing core curriculum.
• Requests to change a plan of study from full-time to part-time or from part-time to full-time requires Program Director approval.
• The curriculum is designed to offer all nursing courses each semester to allow the student flexibility with the approval of the Program Director.
• Nursing core courses are offered in 5 week blocks to allow the student to focus on one course at a time (with the exception of the first block). Additional Essential Studies (General Education) courses are offered online as 16 week courses.
• Students are encouraged to work with the financial aid department to ensure they are registered for the appropriate number of credits per semester for their individual financial aid and/or scholarship award.

Nursing Program Requirements

The required curriculum for the nursing major is comprised of ten courses and 31 SH credits. Three of those credits are allocated for a course in statistics.
