Appreciation

Dr. Joseph Mehus

Professor Lonamalia Smith

Dr. Erin R. Lord Kunz

Safe Zone Allies

Mayville State University Faculty

Luckasen Room

Keynote Speaker Information:

Rebel Marie:

Rebel Marie is a Transgender Advocate with Tristate Transgender, a school counselor, and a master's level student at MSUM. She was the Grand Marshall at the Fargo Moorhead Pride Parade in 2018. Rebel works to get transgender people in touch with resources needed to further their transition. Additionally, Rebel works to educate others about gender identity through talks, media interviews, classes, and counselor education. Rebel is passionate about possibilities for LGBTQI+ rights as she became one of the first transgender people to serve as a district chair for the Dem-NPL. Rebel will be presenting her paper "The Incompetent Counselor: A Multicultural Approach in Working with Trans Clients" at the National American Counselor Association in Atlanta. The paper will explore many of the hurdles that transgender people face as they try to receive counseling. She serves on several boards for the FM community including Standing for Humanity, The Living Collective, and National Alliance of Mental Health Counselors. An avid fan of everything Fargo, in her free time, you can find Rebel shopping or eating at a family-owned business. Rebel lives in South Fargo with her wife and their two children.

Kyle Thorson:

Kyle is a person who believes that the world is what you make it. He completed his Master's degree in Public Administration and Social Business at the University of North Dakota. Following his graduate education, he took over the Archives Coffee House on campus and converted it into a social business to merge his love of coffee with community building. He also works as the worldwide CS recruiting program manager at Amazon where he improves the candidate experience and simplifies processes for the recruiting teams.

Kyle has hosted three annual Grand Forks Pride celebrations, contributed a chapter to a book on college life and sexuality, spent a year volunteering in Mexico, run for political office, and worked collectively with local community members to implement housing protections for LGBT+ individuals living in Grand Forks. He also advocated and implemented LGBT+ programming on UND's campus during his tenure as a programming coordinator in the Student Involvement and Leadership Office.

Joshua Boschee:

Joshua A. Boschee was born and raised in Minot, ND. After graduating from Bishop Ryan High School, he attended North Dakota State University where he received his undergraduate degree in Political Science and later earned a Masters in Education Leadership. He worked at NDSU and Minnesota State University Moorhead for a combined ten years, before starting a career with Hatch Realty, where he serves as the team's Sales Manager.

Joshua was re-elected by his north Fargo neighbors to serve a second term in the North Dakota House of Representatives where he serves on the Administrative Rules Committee, House Agriculture Committee, and House Industry, Business, and Labor Committee. While in the state House, he has worked on legislation to support the LGBT community, low-income North Dakotans and advocating for stronger mental and behavioral health services.

When not in Bismarck representing District 44 or helping people buy new homes, Joshua serves on the Board of Directors for the FM Coalition for Homeless Persons, FM Pride Planning Committee, and ND CAWS (formerly Council of Abused Women's Services). He has been recognized for his work with the Arc of Justice Award from the ND Human Rights Coalition, the Exemplary Leadership Award from Planned Parenthood MN, ND, SD and 20 under 40: Making their Mark by the Fargo Forum.
