

VIEWING INSTRUCTOR RECORDINGS IN YUJA

Instructors can share YuJa videos with you in three different ways:

1. Posting a URL link to each video in Blackboard
2. By asking you to open YuJa from your course menu and locate the video
3. Embedding the video in your course in Blackboard

Whether your instructor embeds a video, provides a link, or asks you to access YuJa through your Blackboard course menu, all recordings will play in YuJa's **HTML5 Media Player**.

YuJa HTML5 Media Player

About the YuJa HTML5 Media Player

- Contents:** Search the contents for key words to find certain parts of the recording
- CC Button:** Turn closed captioning on and off
- Sidebar:** Open additional options such as index, slide thumbnails, a note taking space, comment section, or any resource or document that your instructor has linked with the recording. See the next page for more detailed information about the sidebar.
- Video Settings:** Change video settings such as speed and view

USING THE SIDEBAR

The Sidebar in YuJa provides access to the *Index, Slides, Captions, Notes, Comments, Resources*, and the *Search* feature, as well as the ability to download your *Notes*.

1. Click the **Sidebar** icon to open the Sidebar.

The screenshot shows a video player interface. On the left is a video thumbnail of a woman. The main area displays a slide titled "Roanoke (The Lost Colony) and Jamestown" with a map of Virginia and North Carolina. Below the slide is a video player with a progress bar at 00:14 / 04:45. On the right is a sidebar with a search bar and several menu items: INDEX, SLIDES, CAPTIONS, NOTES, COMMENTS, RESOURCES, View Shortcuts, and Download Notes. A red box highlights the sidebar icon in the video player's bottom right corner. Purple circles with letters A through I are overlaid on the interface to correspond with the legend below.

About the Sidebar

- A. **Search:** Search the elements available on the Sidebar. This will search the index, slides, and captions.
- B. **Index:** Generated by the closed captioning and the slides
- C. **Slides:**
- D. **Captions:** Gives you access to all captions. You will timestamps alongside each caption.
- E. **Notes:** Add notes using this feature. The notes you take are private and only accessible to you. Each note you take will be timestamped and you may download your notes as a PDF.
- F. **Comments:** Review comments added by all users
- G. **Resources:** Find any documents that your instructor has linked to the video
- H. **View Shortcuts:** Review available keyboard shortcuts within the YuJa HTML5 Media Player
- I. **Download Notes:** Download any notes you have taken. The file will download as a PDF.
