

Introduction

The Faculty Handbook provides beneficial information for faculty that may not be available in other publications of the University. The Mayville State University Faculty Handbook contains general policies of the University relating to the faculty and administration. Its purpose is to bring about consistency and clarity in the relations of the faculty with the administration and students. It is trusted that this handbook will be of value to current and new faculty of the university with the hope that they will find satisfaction and success in their teaching careers at Mayville State University. Suggestions regarding the content, organization and other component factors of Faculty Handbook are welcomed. The Faculty Handbook is issued by the Offices of the President and the Vice President for Academic Affairs.

Faculty Handbook updated Spring 2016.
