Bachelor of Science in Education - Online

Personal Service

We pride ourselves on being just the right size to give students the time they need to be successful. Our average class size is 20, so you will have small, personalized class settings to receive the education that you deserve. Your professors will introduce you to new ways of thinking, exploring issues creatively, and evaluating ideas as you engage in the world.

Opportunity

The Special Education program is available completely online.

- Classes are scheduled for summer, fall, or spring terms.
- This unique online program allows licensed teachers to pursue Special Education licensure at the bachelor's degree level.
- This program supports a traditional 4-year degree, transfer students, and the possibility of receiving a bachelor's degree in as little as 2.5 years.
- This program has been uniquely developed incorporating 8-week and 16-week courses.

Success

Our students have a high rate of employment. We have internship opportunities to give you real, hands-on learning experiences and make your resumé stand out.

Value

The combination of MSU's affordability and its unique offerings make it a Best Regional College, as designated by the Princeton Review. This selection process is based on meeting criteria for academic excellence as well as results of surveys done by current MSU students.

The Program

The goal of the Special Education program is to prepare teacher candidates for entry to special education professional practice with knowledge and skills and skills to practice safely, ethically and effectively with a multicategorical population of students with special needs. Special education candidates must master appropriate core academic subject matter as well as be prepared for the complex challenges of teaching individuals with exceptional learning needs. The Special Education program seeks to prepare students to:

- Apply specialized pedagogical knowledge subject matter content.
- Master appropriate core academic subject matter content.
- Demonstrate instructional strategies and assessments that are developmentally appropriate for diverse learners.
- Observe, document, and analyze characteristics, behaviors and learning environments of populations with special needs.
- Demonstrate professional dispositions and ethical practice through collaborative interactions.
- Apply effective verbal and non-verbal communication, multi-media, and using current technology skills in specialized settings.

Conceptual Framework

Our conceptual framework at Mayville State is The Reflective Experiential Teacher. It is based upon a belief that preservice teachers develop abilities to reflect on current research findings, essential and theoretical knowledge, and appropriate teaching strategies and practices through experience. Application requires learning how to reflect, to question, and test hypotheses, while experiential practices engage students in a variety of clinical, field-based opportunities in which to employ and assess their instructional abilities. The theme is based upon established learning concepts that students develop and demonstrate in their coursework, field experiences, and student teaching.

"Mayville State's Special Education Program is allowing me to pursue the degree I have been wanting for a long time. It is online, flexible, and provides me opportunities to practice in the field while being enrolled as a student. I like that I have the option to choose between a traditional four-year track and the fast track program."
