Online Eight Week session May 20-July 14, 2019; Distance Education tuition rates apply; On campus students must obtain instructor approval prior to registering for the class.

Lab equipment needs to be purchased from the MSU Bookstore, www.mayvillestatebookstore.com before the session begins. This lab course is intended for students that are co-enrolled or have already taken the corresponding lecture course. For this online lab you need to purchase lab kit from the MSU

bookstore (about \$600). If the kit is sent back to the bookstore in good condition at the end of the 8-week term, the bookstore will buy the kit back for about \$340. The original cost of the kit is the replacement cost if a kit is not sent back. You will not be able to find the kit elsewhere and the Physics I kit and Physics II kits are different so one kit will not allow you to do all the labs in both courses.

This lab course is intended for students that are co-enrolled or have already taken the corresponding lecture course. For this online lab you need to purchase lab kit from the MSU bookstore (about \$600). If the kit is sent back to the bookstore in good condition at the end of the 8-week term, the bookstore will buy the kit back for about \$340. The original cost of the kit is the replacement cost if a kit is not sent back. You will not be able to find the kit elsewhere and the Physics I kit and Physics II kits are different so one kit will not allow you to do all the labs in both courses.
