Mayville State has designated the following five **Core Values** as a sign of our dedication to personal service. Please indicate how the nominee has modeled or demonstrates these **Core Values** in action.

We act with integrity in all we do.

*We demonstrate integrity through honesty and loyalty to our institution, high ethical standards, respect for others, being responsible and accountable for our actions, and having open communication.*

We are student-focused.

*We provide individualized support that is responsive to the needs of students, and results in their success.*

We are committed to teaching and learning excellence.

*We engage in transformational experiences, supportive learning environments, scholarly opportunities, and collaborative relationships.*

We promote and value an open and diverse community.

*We foster partnerships across our local, regional, and global communities. We respect all individuals through our small town campus culture that supports a sense of family.*

We integrate leadership in all we do.

*We encourage individuals to develop and strengthen leadership skills and abilities, while providing opportunities to enhance the common good.*
